The Refereed International Journal Series
Dedicated to Advances in Engineering and Interdisciplinary Scientific Research

"TORONTO 2015"

**AES-ATEMA 25th International Conference
(Toronto, Canada: August 10 - 14, 2015)**

"Advances and Trends in Engineering Materials and their Applications"

COPYRIGHT TRANSFER FORM

Please complete, sign and submit this "Copyright Transfer Form" with your article.

An author of a co-authored article may sign on behalf of all co-authors with the understanding that she/he is authorized by all co-authors of the said article to do so.

Article title:

Author(s):

Number of pages as per template:

For the consideration of the possible publication of the above article in AES-ATEMA Conference Proceedings, and affiliated journals and transactions:

1. The Author(s) warrant that the article is original, has never been published and is not being considered for publication by another journal or publisher, and does not infringe upon the copyright of others. Where the article contains material previously published and/or content subject to copyright, the Author(s) warrant to have obtained all necessary pertinent permissions.
2. The Author(s) transfer to this Publisher (Advanced Engineering Solutions [AES.COM], Ottawa, Canada) the exclusive right to publish, distribute, reproduce or sell the article by printed, electronic or other means.
3. The author(s) agree that the article cannot be re-published, distributed or sold in whole or part other than by this Publisher (Advanced Engineering Solutions [AES.COM], Ottawa, Canada) without the prior written permission of the said publisher (Advanced Engineering Solutions [AES.COM], Ottawa, Canada)
4. By signing below, the Author(s) warrant that they are authorized to transfer exclusive copyright in the article to the Publisher: Advanced Engineering Solutions [AES.COM], Ottawa, Canada. Where the article is co-authored and less than all authors of the article sign below, the signatory(ies) warrant to have authorization to sign on behalf of and bind all authors of the article. The author(s) of the article indemnify and hold the publisher (Advanced Engineering Solutions [AES.COM], Ottawa, Canada) harmless from any and all damages that may arise of the Author(s) breach of any of the within warranties.
